

Season: Winter | Issue: 1 | Date: January 1, 2019

Moving Forward

SMW Sales now provides indoor storage for all of its Poly-Line pivot pipe & Certainteed drop pipe.

We recently completed a new Pierce warehouse for Pivot component storage. This new facility also allows for expedited packaging & shipping of new systems. A new bulk span cable cutting & wrapping station has also been implemented.

SMW Sales has taken delivery of a new Kubota Excavator & a new Caterpillar Telehandler in 2018. SMW continues to invest in equipment and facilities in order to provide the absolute best service our customers expect & deserve.

**SMW Sales
Winter Schedule
Effective November
12th through
January 31st.
Monday - Friday
8:00am - 5:00pm
Saturday - Sunday
CLOSED**

New Employees

We welcome the return of Richard Carmine Jr. (Rick) back to SMW Sales in December 2018. Rick, as most of you know, brings a great deal of knowledge on Center Pivot troubleshooting as well as excellent customer support on electrical & mechanical issues. Rick resides in Laurel with his wife Susan & four daughters.

SMW also welcomes Mr. James Nichols (Jimmy) to our parts & shipping department. Jimmy has a 30 year background doing mechanical work on all types of farm equipment. We think you will find Jimmy very helpful with your parts requirements. Jimmy lives in Delmar with his wife Beverly & three children.

Customer Corner

Congratulations to Mr. Jesse Vanderwende on his election to the Delaware House of Representatives for District 35.

Mr. Chip Baker has announced his retirement from farming. We wish Chip and his wife Judy many enjoyable years of retirement together.

Spreadmaster Spreaders

Spreadmaster Spreaders by SMW now have 28" diameter spinners with 6 vanes for wider spread patterns. All floor chains for Spreadmaster as well as replacement chains for B&B & Chandler spreaders are heavy-duty rated 667XH; not standard 667X chain. This will extend the life of the chains for extended years of service. The 4x4 box tube main axle support has been increased from 1/4" wall thickness to 3/8" wall thickness.

Check Us Out!

We're giving away \$25 SMW Gift Cards to customers that schedule a tour of our facilities!

New Products & Additions

SMW will now be stocking Poly-Lined & Stainless replacement pipe for Zimmatic machines manufactured from 1990 to present. This pipe is manufactured under the same strict specifications as the Pierce Poly-Lined pivots which have been produced for the past 20 years. SMW can repipe your current Zimmatic pivot with this stainless/poly product for approximately \$6.00 per ft above the standard galvanized repipe price. This pipe also has the new-style 3/4" poly outlets & will be available for delivery to your farm in January 2019.

Just for Laughs...

An old farmer was walking down the path to the pond one day when he came across a frog. He reached down, picked the frog up, and started to put it in his pocket. As he did so, the frog said, "Kiss me on the lips and I'll turn into a beautiful farmers wife." The old farmer carried on putting the frog in his pocket. The frog said, "Didn't you hear what I said?" The farmer looked at the frog and said, "At my age I'd rather have a talking frog."
