

Season: Spring | Issue: 22 | Date: April 1, 2024

## Agsense Crop Link

We stock Agsense Crop Link systems that allow you to monitor and control your pivots remotely. Three different packages are offered depending on the amount of control you would like. The packages are detailed below.

Agsense Pro Package features the ability to monitor, start, and stop your pivot remotely. The yearly fee for the service is \$340.

Agsense Lite Package features the ability to monitor and stop your pivot remotely. The yearly fee for the service is \$250.

Agsense View Package features the ability to monitor your pivot remotely. The yearly fee for the service is \$125.

Regardless of the package you choose, in our opinion, the peace of mind these units provide far outweigh the cost.

Contact Sierra Carmine in the Sales Department for more information and pricing on Agsense Crop Link packages.

## Summer Hours

**SMW Sales  
Summer Schedule  
Effective May 1st  
through November  
1st.**

**Monday - Friday  
8:00am - 5:00pm**

**Saturday  
8:00am - 12:00pm**

**Sunday  
CLOSED**

## Parts Department Restructuring

We are in the process of reorganizing, relabeling, and reboxing the majority of our parts in the front warehouse. This will make our parts warehouse more user friendly and make parts easier to find for our employees as well as our customers.

We are assembling parts "pegboards" in the parts department with common parts that can be pointed out by our customers to make getting the right parts easier for everyone.

We appreciate your patience and understanding while we work to produce a better experience for our employees and customers.

## Reman Nelson Endguns

SMW is now offering Nelson remanufactured & water tested endguns. Turn in your old endgun core for account credit & we can either replace it with a brand new endgun or a remanufactured endgun at a discount.

	<u>With Core</u>	<u>Without Core</u>
Reman Nelson SR100	\$1153	\$1253
Reman Nelson SR100NV	\$1372	\$1472

# Spreadmaster Maintenance

Tighten wheel lug nuts after 4 hours of operation

Do not over inflate tires!  
Recommended pressure is 30lbs.  
Max pressure is 35lbs.

Separate and grease PTO slide tube daily

Grease all bearings, walking beam pivot point, and front conveyor idler shaft every 10 hours of operation

Check tension on front drive belt idler pulley

Maintain 1/16" to 1/8" gap in front conveyor idler bracket springs. Check this daily.

Adjust & lube rear main gearbox to spinner and spinner to spinner chains daily.

Check under spinner plates every 3 hours of operation and remove any debris from under them such as ropes, wires, etc.

Check oil levels in main conveyor gearbox and both spinner gearboxes before operation each season. Use Shell Omala 320 or Texaco Meropa 320 in the main gearbox and use Shell Omala 150 or Texaco Meropa 150 in the spinner gearboxes.

KEEP ALL GUARDS IN PLACE.

# Pierce

## Customer Appreciation

Any customer that purchases a new Pierce pivot or purchases a complete Valley, Zimmatic, or Reinke repipe will receive a RTIC 52-Quart cooler & a YETI tumbler for each pivot/package purchased. **No limit on the amount of pivots or repipe packages purchased!**

Example: Buy 3 pivots get 3 coolers, 3 tumblers, & the best pivot and service available today!

*Serving the Eastern Shore since 1972!*

## Stocking More PVC & Stainless

We are phasing out galvanized nipples, hose barbs, and other select fittings in all irrigation applications. We are replacing these fittings with Stainless versions which last longer and are more durable than galvanized.

We are also stocking more PVC fittings from 1/2" to 15" with the bulk of our stock ranging from 3" to 8" fittings.

## New Family Announcement

We are very proud to announce that Sierra Carmine-Watts gave birth to Waylon Reed Watts on January 8th 2024; the first day of Ag Week. Waylon has a few years to go before you see him working alongside his Mom & Dad, Chance Watts. That makes 4 generations of Carmines onsite at SMW Sales. For 52 years SMW Sales has been family owned and operated & God willing we'll be here for another 52 years.
