

Season: Spring | Issue: 14 | Date: April 1, 2022

What's New at SMW

SMW Brand replacement pivot pipe and joints for Reinke pivots are now available in large quantities with great pricing.

We can deliver to your farm or complete the repipe or repairs from start to finish.

SMW Sales is proud to offer you another choice in parts and service to keep your existing pivot operational.

Employee Spotlight

Eddie Baker - Parts Dept

Eddie has been with SMW since July 2021 and is doing a great job taking care of our customers. Come in and meet Eddie and check out our new parts room.

Jon Columna - Machine Shop

Jon has been with SMW since January 2022 and is doing a great job in the machine shop. Stop by and talk with him about any projects you may have.

SMW Milestone

I would like to take this opportunity to thank all of our devoted customers that enabled SMW to sell 300 New Pierce Pivots since October 2016. Without the support from all of you this would not be possible. We will continue to work hard to repay your support with good products and service in the years ahead.

50 Year Anniversary

Dear Friends

I am very pleased to announce that February 2022 marked the 50th Anniversary for SMW Sales (formerly Sussex Machine Works) 1972-2022. SMW has certainly experienced good times and bad over the last 50 years but with the help of dedicated employees, loyal customers, and the Grace of God we have managed to make it to this milestone; and for this Phyllis and I would like to express a sincere thank you to everyone.

Many things have changed over the last fifty years, but I can tell you one thing that has not and that is the steadfast, loving, trustworthy character of the farm families we have been blessed to do business with and call friends for so many years.

We wish everyone a healthy, safe, & prosperous 2022; and hope you will continue to let SMW play a part in your future business.

Thank You Again
Richard & Phyllis Carmine

Renovations Are Done

SMW is pleased to announce that all of our renovations to our parts department, pump warehouse, and parts warehouse have been completed. These changes will enhance our parts capacity and delivery as well as improve the availability of materials to our service personnel. This will certainly shorten the down time on your irrigation equipment when you need it the most!

Just For Laughs

How did the farmer find his lost cow? He tractor down.

“Have you heard of Murphy’s law?” “Yeah.” “What is it?” “If something can go wrong, it will go wrong.” “That’s right. Have you heard of Cole’s law?” “No, what is it?” “Thinly sliced cabbage and mayo.”

Why did the farmer have to separate the chicken and the turkey?... He sensed fowl play.

What is a farmer’s favorite Bruce Springsteen song?... Born in the USDA.

How did the organic vegetable die?... Natural causes.

Farmer Giles is so interested in conserving energy, he built a pig-powered car. He has to get rid of it, though. Every time he turns a corner, the tires squeal.
